BURN AND FREEZE.
Fire Fugitives Make Awful Trip.

Family of Nine Flee Five Days Through Blazing Northern Forests.

Two Little Tots Saved from Drowning by Newfoundland Dog.

Father Forced to Drive Wild Animals Away from Party's Path.

[BY DIRECT WIRE TO THE TIMES.]
GRAND MARAIS (Minn.) May 12.—(Exclusive Dispatch.) John B. Elving, his wife with her one-month-old baby in her arms, and six other children, the eldest 15 years old, are in a temporary hospital here following a heart-breaking thirty-mile trip through the sparsely settled country and flaming forest fires between here and upper Brule Lake. It took them five days. They were eternally almost burned and frozen to death, and two of the little tots were saved from drowning in the swift current of Brule River by the family's giant Newfoundland dog.

Fleeing homesteaders have left this entire district now uninhabited. When Elving and his family were routed from their beds early Sunday morning by advancing fires on all sides in the surrounding woods, they beat a hasty retreat with a small stock of provisions. The overhanging smoke almost suffocated and blinded the fugitives, and fearing the unknown perils which might await them in the unmaped forest, Elving stuck stubbornly by the shore of the lake and Brule River. WITH BEASTS OF FOREST. The first day and night they progressed ten miles, so near to deer, bears and other wild beasts of the north that Elving was forced to drive them to one side in order to furnish a passage for his terrified retinue. The cracking of the flames in the underbrush and the roar of the wind-swept blast constantly in the ears of the fugitives burning cinders dropped on the bareheaded woman and her charges. The second day they advanced only five miles. The woman was overcome with untimely fatigue. She became hysterical and would not permit her husband to carry the baby. They reached a former settlement and replenished their exhausted provisions. The night winds from Lake Superior chilled the semi-gloam, and Elving made a fire in a vegetable cellar for his wife and babes. In the morning Elving discovered fire impassable and stayed in the cellar until about midnight, when the glow ahead seemed to have died out and the fugitives again set forth. NECK DEEP IN WATER. They proceeded about five miles, part of the way over the burning coals of the destroyed wood, when, suddenly, upon rounding a bend in the river, they faced a veritable fur-

DREAM SPOILED BY EXTRA WIFE.
TRIP TO PITTSBURGH PROVES A REVELATION.

[BY DIRECT WIRE TO THE TIMES.]
PITTSBURGH, May 12.—(Exclusive Dispatch.) Under the delusion she was helping her husband to get along in the world, Mrs. Mary L. Hamilton of Philadelphia had her dream of domestic happiness shattered when she came to Pittsburgh to represent a New York firm, with whom she had secured a position, and found her husband, Franklin S. Hamilton, not a poorly-paid traveling man, but a man of means, a partner in the business world as a financier, president of the Washington Life and Annuity Society, treasurer of the Council of the City of Philadelphia, and secretary of other investment companies, one of which has palatial offices in the Fifth building.

She also found a second Mrs. Hamilton, with two children, occupying a stately mansion in the exclusive North Side section. The Philadelphia Mrs. Hamilton also has two children. Today she fled the information against her husband, accusing him of non-support and bigamy. He was arrested and gave bond in \$1000 for a hearing next Monday. In the meantime, through her attorneys here, the first Mrs. Hamilton made an offer to her husband's attorneys for a settlement of the case for cash consideration, said to be \$20,000. Mr. Hamilton did not have that amount immediately available, his attorneys said, but promised to have the money ready by noon Friday. TWO BLOWN TO ATOMS. TACOMA, May 12.—Anton Elliott and Patrick McLean, brakemen employed at the Dupont Powder Mills at Dupont, were instantly killed shortly after noon today in an explosion of ten tons of dynamite. The men were blown to atoms. The dynamite was loaded on two train cars which the men were moving. The cars collided with something and the explosion followed.

REFUGEES ARRIVING.
FIRE TAKES ALL BUT CLOTHING ON BACKS.

[ASSOCIATED PRESS NIGHT REPORT.]
S. T. PAUL, May 12.—Settlers in the vicinity of Grand Marais, who lost everything in forest fires except the clothes on their backs, began arriving in that village today, according to reports by wireless telegraph. One group arrived early today, after they had spent the night lying in the bed of a stream. Part of the time they were compelled to submerge themselves to keep the flames from burning the clothes from their bodies. In this party were five children, who were so badly burned they were being cared for in a hospital in Grand Marais.

At Gooseberry River and along Beaver Bay the flames are eating their way fiercely through the woods. From Parke Bay to Tofto, and as far back as the eye can see, timber is on fire. From Good Harbor to Grand Marais, fires burned at intervals. Reports received early in the day from Northern Minnesota, Wisconsin and Michigan indicate the fires were not burning as fiercely as yesterday, but later reports said the wind was rising again. The estimated loss on cut timber in the district between Tofto and Good Harbor will be about \$60,000. A special from Calumet, Mich., says Willis Seaman, instructor in the Michigan College of Mines, and Reed Burnham, while out fishing in a canoe, were hemmed in by fire, and as they tried to break through their shoes were burned from their feet.

SCORES TAKE PLUNGE INTO GREAT SALT LAKE.

[ASSOCIATED PRESS NIGHT REPORT.]
SALT LAKE, May 12.—More than 100 persons, two of them women, were precipitated into Great Salt Lake tonight when the stairway leading to the Saitair Hippodrome gave way. The work of rescue began without delay and in a few minutes all were drawn, dripping and struggling, to the pier. Con Gallagher, fire chief of Murray, had a leg and an arm broken; Miss May Clark suffered two broken legs. J. U. Eldridge, Jr., United States assayer, was painfully bruised, and a dozen more or less badly hurt. The crowd, which had just witnessed the Thompson-Sullivan fight, was pouring out of the Hippodrome when the ac-

Butte Admirers Burn Federal Attorney in Effigy—Big Crowd Celebrates.

[BY DIRECT WIRE TO THE TIMES.]
BUTTE (Mont.) May 12.—(Exclusive Dispatch.) Tonight Prosecutor Wise of New York was hanged and burned in effigy by friends of F. A. Heinze, celebrating his acquittal. A band paraded the streets, and a big crowd sung derisively, shot off fireworks and yelled its praise to Judge Hough. "Oh, you bet it on Heinze," was one slogan of the crowd. A grand home coming for Heinze is planned.

[ASSOCIATED PRESS NIGHT REPORT.]
NEW YORK, May 12.—Frederick Augustus Heinze was acquitted at 9:50 tonight of charges of misapplication of the funds of the Mercantile National Bank, while he was its president in 1907, and he was cleared of the charge of over-certification of checks of his brother's firm, Otto Heinze & Co. Thus failed the government's attempt to hold Heinze responsible for financing during the panic of 1907. Heinze's transgressions were said, notwithstanding the prosecution's argument, to have been a gambler with millions not his own money. John B. Stanchfield summed up for the defense this morning, and United States Attorney Henry A. Wise denounced the defense for three hours and thirty-five minutes this afternoon. Heinze issued a statement tonight, saying: "I have been ready for trial every day since the first indictment was returned, two years and a half ago. This delay has cost me between \$500,000 and \$600,000. The ruin of my credit seems to have been the object most viciously aimed at."

"However, I still have some of the best copper properties in the world, and I intend to devote my whole attention to them." Arthur P. Heinze, a brother of the defendant, called Mr. Wise a liar in court this afternoon, thereby furnishing the only sensational incident of the trial. For this remark he was ejected from the courtroom.

SEVERE ARRAIGNMENT.
In lashing Heinze during his summing up, Mr. Wise compared the crime of the defendant with charged with to a hypothetical case of burglary, where the burglar had pried open the window to effect an entrance into the house. Mr. Wise had accused Arthur P. Heinze of patching up the books of the United Copper Company, and spiriting them away.

"That's a lie," came a voice from the courtroom. Judge Hough rapped for order, and asked the Marshal if he recognized the person who made the remark. On receiving an affirmative reply, Judge Hough ordered the person ejected from the room.

The Marshal walked up to Arthur P. Heinze and escorted him from the courtroom. His wife followed him out. **EBEN PLYMPTON DYING.** Said at Hospital Veteran Actor's Condition Is Hopeless—Had Brilliant Career.

[BY DIRECT WIRE TO THE TIMES.]
NEW YORK, May 12.—(Exclusive Dispatch.) Following a serious operation, Eben Plympton, the veteran actor, is in a serious condition at Roosevelt Hospital. He was taken there Wednesday. At the hospital tonight it was said that Mr. Plympton was not expected to live. He is about 57 years old.

Mr. Plympton's last engagement here was in Booth Parkington, "The Man From Home," in which he played the grand duke. Originally a newspaper man, he played juvenile roles with John McCullough, supported Lawrence Barrett, and in his later years became known as one of the best portrayers of old men on the stage. He was the original Lord Travers in "Hazel Kirke."

BOAKED SPONGE OR RABIES?
SACRAMENTO, May 12.—(Exclusive Dispatch.) Official denial is made today by the State Board of Health of a report sent out from Pasadena stating that "autopsies" upon the carcasses of several valuable dogs that were believed to have died of rabies, had revealed a condition that probably explained the epidemic of hydrophobia which has aroused terror in Pasadena. It is alleged that some miscreant had been scattering soaked sponge broadcast, to be picked up and eaten by hungry dogs. After it is eaten it swells and the dog dies in agony.

KING GEORGE HARDEST WORKER IN ENGLAND.

Britain's New Ruler Begins Day at Seven O'clock—Roosevelt to Be Presented Soon After Arrival—Seats for Funeral Come High.

[ASSOCIATED PRESS NIGHT REPORT.]
LONDON, May 12.—From a life of comparative ease and retirement, King George V suddenly finds himself one of the hardest-worked officials of the kingdom. In addition to spending considerable time daily at Buckingham Palace, comforting his widowed mother, he has to attend to multifarious duties connected with receiving and entertaining the royal guests and arranging the difficult details of the lying-in-state and the funeral.

Seven o'clock each morning finds His Majesty at his desk in Marlborough House to reply to the innumerable messages of condolence and to receive his ministers and the officials in charge of the obsequies. Today he had a long special interview with John Burns, president of the local government board. The afternoon he spent with the Queen Mother, and in the evening he went to the station to meet and escort the King of Denmark to Buckingham Palace.

WILL FLOCK WITH RULERS.
Former President Roosevelt, who has been named as special envoy of the United States to attend the funeral, will be presented to King George soon after his arrival in London on Monday. As special ambassador, Mr. Roosevelt will occupy a place with the visiting monarchs in the funeral procession, and also will attend the burial at Windsor. The lying-in-state involves a great addition to the programme for the funeral, which will hardly be completed before Sunday. The procession will start from the tomb of George at the lying-in-state will be on almost as great a scale as the funeral procession, from \$2000 to \$3000 is asked for the use of single rooms.

EIGHT LOSE LIVES IN BOATING ACCIDENT.

[ASSOCIATED PRESS NIGHT REPORT.]
WILKESBARRE (Pa.) May 12.—Eight high-school students, six girls and two boys, lost their lives today while boating on the Paper Mill Dam, at Huntington Mills, about twenty miles below this city.

The dead: MAUD BUTLIFFE, 17, of Townline. CAROLINE KOONS, 16, Harveyville. RUTH BONHAM, 14, Townline. ORIS DAVENPORT, 16, Watertown. RACHAEL THOMPSON, 16, Town Hill. MADELINE GOOD, 17, Watertown. ROBERT MINNICH, 18, Koonsville. RAY BODSON, 17, Fairmont. Twelve students of the Huntington High School secured two boats at the noon hour and started for a row. The dam is nearly half a mile wide and when the two craft had reached the center, it was noticed one of them had sprung a leak. The two boats then were pulled together by the young men in the party and an effort made to transfer the girls from the leaking boat to the safer one. The last one of the party had scarcely set foot in the boat when it began to sink.

King George Sends Message of Sympathy to Owners of Colliery.

[ASSOCIATED PRESS NIGHT REPORT.]
MANCHESTER (Eng.) May 12.—One hundred and thirty-seven miners lost their lives today in an explosion in the Wellington coal mine at White Haven. Rescue parties succeeded in saving four men, but fire has broken out in the workings, leaving practically no hope for those still entombed. Throughout the day the rescue parties made considerable progress in the mine, but their work was stopped to night by the collapse of the roof. A curious fact is that a colliery warning was published in many of the newspapers in the mining districts of the kingdom yesterday to the effect that unusually high barometric conditions made freddap explosions probable, and that all underground workers should be on the alert. The barometer reached its highest reading in the White Haven district. King George tonight sent a message of sympathy to the owners of the colliery. The colliery is owned by the Earl of Londsdale and its workings extend four or five miles beneath the sea.

NEW ORLEANS GETS BABIES.
Francis Beaman When Founding Train Arrives—Police Unable to Restrain Foster Parents.

[ASSOCIATED PRESS NIGHT REPORT.]
NEW ORLEANS (La.) May 12.—(Exclusive Dispatch.) Amid the wildest scenes that have ever been witnessed at the Union Station, twenty-five foundlings brought to this city from the New York Foundling Asylum were distributed to people who had adopted them today. The train pulled into the station a little after 11 o'clock, and despite the fact that an extra police detail had been provided for the anxious foster-parents of the little ones on the train broke through the ropes and surged around the coaches containing the foundlings in almost insane fashion. The children were numbered, and the people to whom they were given had little envelopes containing the number of the child. When Joseph C. Butler, the representative of the asylum here, came onto the platform of the coach with the little offerings in his arms, there was a wild scramble, and when he called out the number of a child, a great number of women bearing the number and blue envelope pushed through the crowd with almost inhuman strength, knocking men aside, and claimed the prize. In some cases the women even lost their wearing apparel in their rush to get the babies when their numbers were called.

The scenes attracted thousands to the spot, and the crowd was so dense that it looked as if some great event in the city's history was being recorded. The babies who came here had an uneventful trip from New York, and were under the care of Sisters of Charity and several nurses.

Speaker Cannon Tells Yale Men Bright Students Can Surmount College Course Handicap.

[ASSOCIATED PRESS NIGHT REPORT.]
NEW HAVEN (Conn.) May 12.—To a bright young man who has anything in him, a college course is not necessarily too hard to succeed. That is my view of it, says Speaker Cannon in a discussion in the Yale News today of the value of a college education. He continued: "The common school system, the high school course, gives the average individual at least a fair equipment for practical success in business or in the various callings that men follow who live by the sweat of their face. That is about all that the average man would utilize."

"There is always a question as to whether the average student will survive the spoiling effects of a college course."

MRS. VANDERBILT INJURED.
Auto Collides With Street Car, Society Leader Badly Cut and Bruised.

[ASSOCIATED PRESS NIGHT REPORT.]
NEW YORK, May 12.—The public learned for the first time today that Mrs. Reginald C. Vanderbilt is convalescing at her Fifth-avenue home from painful injuries received several days ago in a collision between her automobile and a street car. According to friends of Mrs. Vanderbilt, she had a narrow escape from more serious injury. Her automobile was crossing an uptown street at a moderate speed when the street car bore down upon it. The chauffeur increased his power to avoid being hit, but the car struck the middle of the automobile, crushing it on one side and hurling Mrs. Vanderbilt into a corner of the machine. She was cut by flying glass and bruised, but her injuries were not of a dangerous nature.

DUPE "GREEN" FARMERS. Nevada Authorities Seeking Men Who Send Immigrants to Desert for Watered Lands.

RENO (Nev.) May 12.—[Exclusive Dispatch.] When many prove to be a gigantic swindling and wildcat scheme, perpetrated by San Franciscoans on innocent and easily-duped people, is just coming to light in this State and there may be interesting developments before the recently begun investigation is completed.

At the present time the United States Marshal, several well-known southern, and the Southern Pacific and the Southern and Goldfield railroads, are looking into the matter, and starting development of some months past some person in San Francisco has been sending innocent Germans and Swedes into Nevada, with the understanding that at Coaldale, on the line of the Tonopah and Goldfield Railroad, they would be able to locate immense rich agricultural land, with plenty of water and everything available to commence growing crops and laying the foundation for a fortune.

These unfortunate people have, at much expense traveled from San Francisco to Coaldale and on their arrival have found that, instead of irrigated agricultural land, there is nothing but a stunted sagebrush grows. The people who have thus been duped immediately travel back to the coast, looking for the man who sent them there.

FORMS TWO NEW COMPANIES. San Diego Gets Permission to Enlist Coast Artillery—Another for San Francisco.

SACRAMENTO, May 12.—[Exclusive Dispatch.] Orders were issued today by Adj.-Gen. Lauck for the formation of two new companies of the Coast Artillery Corps, one to be in San Francisco and the other at San Diego. The eighth company will be established in San Diego, and the ninth at San Francisco.

Permission was granted by the Adj.-Gen. to recruit the fifth company to such an extent as to permit the taking of sixty enlisted men from the military affairs in the southern part of the country. This was brought about by increasing interest in military affairs in the southern part of the country.

The Ninth Company of Coast Artillery Corps will be the additional organization in San Francisco. It will be mustered in on May 13. This company will be made up of seventy-one men, making the Seventh Company of Artillery for the bay metropolitan.

Coast Artillery Corps at present consists of the First, Second, Third, Fourth, Sixth and Seventh companies at San Francisco and the Fifth Company at San Diego.

ALLEGES MAIL CONSPIRACY. STAGE OWNERS IN COMBINE. (BY DIRECT WIRE TO THE TIMES.)

REDDING, May 12.—[Exclusive Dispatch.] Assistant Superintendent J. F. Roberts of the railway mail service says the stage proprietors of the lines leading out of this city have combined against the United States to raise the prices of carrying the mails, and the postal authorities are determined to break the combination if Redding stage owners, who are in the line, are leading from this city—the Weaver-Ville, Fall River and Harrison Gulch. The Fall River route is eighty-six miles long, the Weaver-Ville is about fifty miles, and the Harrison Gulch route is about sixty miles in length.

Mr. Roberts declares the bids on these three routes are from 50 to 70 per cent. higher than any route in this part of California.

YOSEMITE HOTEL SOLD. SYNDICATE TO IMPROVE. (BY DIRECT WIRE TO THE TIMES.)

STOCKTON, May 12.—[Exclusive Dispatch.] The sale of the controlling interest in the famous Yosemite Hotel, which, for years, has been the leading hotel of the San Joaquin Valley, was consummated today when the Yosemite Syndicate, composed of F. A. McCan, J. E. Crump, Charles Solari, George E. Crane and W. A. Washington, all extensive real estate dealers, filed articles of incorporation and secured the interests of M. L. Sims in the property. The hotel is located in the heart of the city, with buildings that cover the entire property. It is understood that extensive changes are to be made and a hotel constructed on up-to-date plan.

READY FOR TRIAL. PROSECUTION PRESENTS CASE AGAINST FLANNERY TO JURY.

(ASSOCIATED PRESS NIGHT REPORT.)

clares in effect that a person who advises or encourages a crime, at the commission of which he is not present, is a principal. He said that the prosecution would prove that Flannery had made a pact with Abbott and his companions to use his authority as a police officer to conduct bunco operations in San Francisco, had known what they were doing in Sacramento, and had promised to use his authority as a police officer to protect their "steering" when they went to San Francisco to find victims.

In a statement made after court, Boyd declared he had secured testimony corroborative of Abbott's confession, and that several surprises would be developed during the course of the trial.

The completion of the jury followed shortly after a successful attempt made by the District Attorney to disqualify by impeachment, Joseph Martinez, a San Rafael saloon man, who had already been sworn to serve as a juror. With all five of his peremptory challenges exhausted, Boyd asked that the inquiry regarding Martinez's qualifications be reopened. Martinez had declared that he had not discussed the case with anyone, but Boyd put Howard McLean, a San Francisco newspaper man, upon the stand to tell of conversations he had held with the juror concerning the case. It was also brought out that the defendant had visited Martinez's saloon subsequent to his indictment, and the challenge for cause interposed by the prosecution was allowed.

NO HINT OF FOUL PLAY. (ASSOCIATED PRESS NIGHT REPORT.)

OAKLAND, May 12.—The body of a man about 45 years of age, six feet tall, and probably of light complexion, was found floating in the bay this morning off the Southern Pacific mole, by painters at work there. The body, without a coat, was badly decomposed and had probably been in the water for a month. The trousers and vest were of the best material, and a gold watch and chain and knife man, upon the pocket to tell of conversations he had held with the juror concerning the case. It was also brought out that the defendant had visited Martinez's saloon subsequent to his indictment, and the challenge for cause interposed by the prosecution was allowed.

CANDIDATE VISITS BUSINESS MEN IN BAKERSFIELD.

Meets Several Hundred Citizens About the County Seat and Kern City—Much Enthusiasm Displayed for Him and He Is Given Assurance of Hearty Support.

(BY DIRECT WIRE TO THE TIMES.)

BAKERSFIELD, May 12.—[Exclusive Dispatch.] Sentiment regarding the candidate from Southern California for Governor changed greatly here today among the Republican voters. Philip A. Stanton, who spent the day here interviewing the business men in this city and Kern City, and the railroad men in the round-house, and shops at Kern City, will surely get his share, if not more, of the votes cast here at the August primary election.

Accompanied by several of the leading citizens, bankers, merchants, lawyers and lumbermen, Mr. Stanton made the round of the business district and met several hundred prominent citizens. Much enthusiasm was displayed for his candidacy, and he was given assurances of earnest support.

Tomorrow Mr. Stanton, with a number of Bakersfield business men, will go to Maricopa, Taft, Midway, Sunset and other cities in the oil fields west of here. He will remain away from Bakersfield during the stay of Hiram Johnson here, in order, he says, not to interfere with the meeting of the rival candidate for the Republican nomination scheduled for tomorrow night.

On Saturday the Stanton automobile party will leave for Delano and Porterville. According to the plans of the candidate, Fresno will not be reached before the middle of the week. Stanton is a native of California and is a native of California and is a native of California.

THE POLITICAL

WATCH TOWER

With no thought of respecting the primary election law, the Democratic bosses have called a convention of their henchmen to meet tomorrow morning at Blanchard Hall to go through the rigmarole of naming candidates for the various county offices. That young Napoleon of Los Angeles Democracy, Chairman Norton of the County Committee, has about decided upon the men who shall reap these doubtful honors. Whatever office Norton doesn't care for, he will permit the other members of his cabinet to name.

The scheme of the bosses provides for the endorsement of candidates for all county offices, but it is not the intention to name the strongest possible men in each county. Not at all. The pow-wows held with the Link-Rooster bosses and the near-bosses of the Goo-Gos have always had in view the arrangement of a slate as that the "purity push" could endorse such Democrats as will subscribe to the platform of the Link-Rooster. Of course, the deluded Democrats who are picked to run for office will be informed as to which are to be the sheep and which are to be the goats. This delicate operation will be left to the bosses, who will announce their decisions later. It will be a sort of a bargain and sale arrangement, with the county offices up for division, and the pretense of reform as the mask under which to fool the confiding public.

Boss Lisner has been snoring around so much of late, if report is to be believed, that he is threatened with permanent stonping of the shoulders about the Philadelphia. Irish used to designate as "Having a Jerry on your back." Lisner has been taking too much interest in details. To illustrate: There is a publication in this city devoted to the welfare of the Native Sons and Daughters of the Golden West. A month or so ago there appeared in this journal an exposure of the methods of the Link-Rooster and called Good Government Organization. This was a very mild and an honest and truthful exposition of these pretentious but very hypocritical cliques. Deputy City Clerk Ed Lovie is also one of the officers of the company and has, too, been noted for his carefulness of utterance. Lisner, however, could not appreciate a real good thing, and so he made it his business to go about complaining that the publication was unfair. After he had made himself a good deal of a nuisance to Native Sons in general, the boss of the L. R. contingent finally crawled back into his kennel and has kept mighty still ever since.

Speaking about Ed Lovie, I am reminded that he heard De Carroll suggested as a possible successor to Harry Leland in the event of the City Clerk being officially moved to the County Clerk's office. Carroll assures me that he is supporting Lovie, while the latter says that he would not lay a straw in Carroll's path. Such a loveless.

Alden Anderson has opened headquarters in the I. W. Hellman building, room No. 11, with D. G. Holt of Santa Monica in charge.

Since W. Rattles Heart found his real vocation in life—that of being the chief of the Boy Scouts of America—nothing as sensational has happened in local politics as the action of Councilman Martin Prioleo Beckouski taking to the stump. Time was, and not so very long ago, that it required at least a team of oxen to drag Martin even near a platform; but now he goes tramping in with all the nonchalance and confidence of a born orator. This unexpected change in Beckouski, who hitherto had led an unblemished life, can be traced directly to his association with Goo-Gos who have been showing him their silk hose and teaching him to say "Bah Jove" and "darn" for the real word; and of "gracious goodness" for "what the ——" Unless friends of Beckouski succeed in controlling him, he seems headed stubbornly for either perdition or a place to hold hands and chew gums, with a possible plunge into cigarette smoke.

W. Kennedy, who has been touring the beach towns in the interest of a State Senatorial candidate, declares that he finds an overwhelming sentiment in favor of Phil Stanton. What struck Kennedy as most interesting in the absence of Highgrim Johnson sentiment anywhere between Santa Monica and Playa del Rey. There is certainly nothing to it, says Kennedy.

Some of the Democratic faithful are expressing alarm that if there is not a decided increase in the Democratic registration in this county there may not be enough Democrats to sign petitions to get Democratic candidates on the official ballot for the August primaries. There is a fearful dearth of Democrats in Los Angeles county this year, according to the records of the Registration Office. Chief Brown of that branch of the County Clerk's office declares that only about 20 per cent of the total registration of over 80,000 voters represents members of the Democratic party.

DUNS STILL BARRED.

Department Holds That Statements of Current Accounts Only May Go on Postal Cards.

Postmaster Harrison has received a letter from the Assistant Postmaster-General in answer to a request for a ruling on what constitutes unacceptable postal cards. The Los Angeles Gas and Electric Corporation is anxious to know if it is legal to present bills for gas and electricity by means of postal cards sent to the concern's customers.

The department rules that this is allowable, provided the postal cards do not contain any demand for a past-due account. The letter states, in part, thus:

"The department does not regard as unacceptable cards that bear respectful requests for settlement of current accounts. This applies to notices when accounts, assessments, etc., will be due. You may therefore accept for mailing the card prepared by the gas company, advising customers of the amount of their bill, when such cards do not bear a statement of a past-due or an unpaid account, but rather the current account. The department regards as unacceptable cards by which it appears that the addressee is being dunned for a past-due account."

HEADING FOR LOS ANGELES.

Western Pacific Seeks Opening in the South.

Tonopah and Tidewater the Proposed Gateway.

Arrangements Reported to Be Nearly Complete.

The Western Pacific, which is the new Gould line to San Francisco from the East, operating in connection with the Denver and Rio Grande and the Colorado Midland, is headed for Los Angeles.

Word has been received through Tonopah and Tidewater sources that the connection with the Gould line in Nevada will be made as soon as five million bonds can be placed in the East for the construction of a line from Goldfield to Ely, Nev.

This will give the Gould line complete connection with Los Angeles by way of the Santa Fe tracks from Los Angeles to Ludlow, and over the Tonopah and Tidewater lines from Ludlow to Cuprite, twelve miles this side of Goldfield. From Cuprite, a Goldfield-Ely road is planned to connect with the Nevada Northern at either this point or at Cherry Creek. From Ely the Nevada Northern ties in with the Western Pacific at Cobre.

It is understood that Assistant General Manager Alberger of the Tonopah and Tidewater will leave for the East within a few days to look into the bond situation, and the San Francisco office of the Tonopah and Tidewater is quoted as the authority for the statement that the line will be built.

If the line is built, the Tonopah and Tidewater will probably not pass into the Gould hands, but will simply handle the Gould business to the Coast.

Santa Fe officials have nothing to say in regard to the report of the Gould building, and point out that the Gould lines have no traffic arrangements for the Ludlow-Los Angeles haul. Officials say that the Tonopah and Tidewater already has this arrangement and can handle the business in this manner.

The main difficulty in the construction of the Goldfield-Ely line lay in the approach to Ely, which is high in the mountains, and fully \$5,000,000 will be required to construct the line. Some months ago a survey for this line was made at a cost of \$50,000, but difficulty in interesting capital has been the cause of delay. With the entrance of the Western Pacific into the field, however, and its connection with San Francisco, there is given a new outlet to the Tonopah and Tidewater if the connecting link can be built.

It is improbable that the Western Pacific will itself furnish the money for this building, as the road can obtain the loan for its freight by carrying westbound freight to San Francisco and reshipping up and down the Coast via Santa Fe, Southern Pacific or boat.

It is by eastbound freight that the Western Pacific would benefit, for it would have the advantage of the Tonopah and Tidewater efforts in the Southwest.

Already this company is moving an average of sixteen loads a day from Los Angeles to the Nevada goldfields, and with the opening of a through line, would be in a position to get into the transcontinental business.

The matter will be taken up in the East within a few weeks and definitely settled. This action already would have taken place, but for a serious accident to General Manager Ryan, which has kept him in the hospital for months.

CHANGES NAME.

INTERNATIONAL ASSOCIATION.

The Railway Association of Special Agents and Police, representing the lines of the United States and Canada, has changed its name yesterday to International Association of Special Agents and Police.

In addition to this change 117 new members were voted in yesterday, and the roll now totals 441 names.

The Railway Special Agent, which is the annual publication of the body, will be issued quarterly in the future under the editorship of W. C. Pannell, special agent of the Chesapeake Steamship line, who is an old newspaper man.

BAKERS NOT CONCERNED.

Not Disposed to Take Any Action in Regard to Proposed Legislation.

The proposed revision of the present ordinance intended to regulate the weight of loaves of bread, is not giving the members of the Master Bakers' Association any concern. President Meek of the association said yesterday that no step had been taken by the bakers to either assist or protect against the proposed changes in the present ordinance, which has been found ineffective. No meeting of the bakers has been called, and Mr. Meek did not think there would be.

The attempt to regulate the baking business by directing how much or how little a loaf of bread shall weigh is regarded as farcical by L. P. Collette, manager of the Franco-American Baking Company. "The provisions of the present ordinance were known to be absurd as soon as it could be analyzed. A grain of common sense should be used in this matter. It seems to me to be ridiculous to set down a hard and fast rule that a loaf of bread shall weigh a stated amount. As it is, the last attempt in this direction resulted merely in giving one or two bakers a little advertising. It was a good thing simply for one or two bakers. It was not and never has been a protection to the public. The bakers realize just as well as anybody else the necessity of giving full measure for a fair price. I guess we all try to do this, and any attempt to regulate by ordinance what a baker shall sell for a loaf of bread, and just how much it shall weigh, strikes me as foolish."

The Franco-American Company does not stamp or label its loaves at all. Mr. Collette says it would require the services of half a dozen boys to obey this provision of the present ordinance, and that it would entail a needless expense upon its company were he to live up to its requirements.

IMPROVEMENT OFFICERS.

At a meeting of the Belmont-Rockwood Improvement Association Wednesday evening, Harvey D. Cheney was made the permanent chairman and C. A. Sprague, secretary. A committee for looking after the streets and vacant lots, there was chosen, S. DeVol, Mrs. P. D. Owens and J. C. White, and for looking after the oil interests, N. P. Conroy, C. A. Sprague, Mrs. J. A. O. Diehl, H. D. Cheney and John McArthur. Regular meetings will be held each Wednesday night at No. 144 West First street.

wear a \$15.00 gown when she is married to Peter G. Gerry in New York. It is now on the way to New York, was ordered by cable and took only forty-eight hours to make.

The customer got his measurements for fitting from a dress lining brought over by a friend of the bride-elect.

The entire exterior of the costume is composed of point d'Alemon, considered by connoisseurs the most delicious and artistic of all laces. The train falls majestically from the shoulders with peplum or shawl effect. Its soft lines are described as being "like the downy flank of a summer cloud." The under-structure of the gown is of white satin veiled in the finest mousseline de sole.

The costume has two original features. The corsage is cut very low, like those of the royal brides in Europe. The hour for the wedding being 4 o'clock in the afternoon, Miss Townsend thought she might depart from precedent in this respect.

The skirt is like all that are intended for visits or dinners. The decorations are garlands and a large bouquet of orange blossoms, the latter being placed conspicuously, apparently holding the drapery of the corsage in place, though in reality it is caught together underneath at the left.

EVENTS IN LOCAL SOCIETY.

QUITE the most interesting bit of news in society circles is the luncheon to be given Tuesday by Mrs. James Soutter Porter of No. 2111 Park Grove avenue. Mrs. Porter planned the function as a farewell compliment to a number of friends. The Los Angeles Country Club will be the scene of the pretty event, and dainty flowers will be used in decorating. The guests will be Mrs. William May Garland, Mrs. Hugh Livingston MacNeil, Mrs. Allan Balch, Mrs. Godfrey Holterhoff, Jr., Mrs. Earnest A. Bryant, Mrs. Walter Jarvis Barlow, Mrs. Joseph F. Sartori, Mrs. E. Ayer McCarthy, Mrs. J. D. Foster, Mrs. Kate Vossburg, Mrs. Fred Flint, Mrs. S. F. Hammond, Miss Marion MacNeil, Miss Echo Allen, Miss Grace Melius and Miss Katherine Melius. Mrs. Porter, together with Mrs. Sartori, Mrs. Vossburg, Mrs. Holterhoff, Jr., Mrs. Bryant and Mrs. Rennie Schrie of San Francisco will leave soon for Europe, where they will meet Mrs. Holterhoff's daughter, Miss Lelia, and together the party will visit Ireland, England, Germany, Oberammergau, Switzerland and France.

To Entertain.
Former students of Hanna College will entertain with a luncheon at Hotel Mt. Washington, next Tuesday, in honor of the fifty-second wedding anniversary of Mrs. J. W. Garland.

Mrs. Joseph F. Sartori.

Mrs. W. M. Garland.

Katherine Stearns, a charming debutante, will also be present as a special guest.

Home Again.

Mrs. J. G. Schaefer with her daughter, Miss Anna Schaefer, have returned to their home on Westlake avenue after a three months' visit on their ranch at Hanford.

To Entertain.

Members of the La Tijera Club will entertain this evening with a Ball de Chantecleer at the Assembly Rooms on Flower and Sixteenth streets. The patronesses will be Mrs. M. J. McGarry, Mrs. S. T. Howard, Mrs. Gavin W. Craig, Mrs. Mary Schallert and Mrs. Thomas O'Neil.

Large Tea Party.

Mrs. Howard Leland Rivers and Mrs. Ernest Bradford, divers charmingly entertained yesterday with a large tea party at the Ethel Club House on South Figueroa street.

For Miss Canfield.

Mrs. Richard A. Perez and her sister, Mrs. Mercedes de Luna, entertained with one of the prettiest garden parties of the season yesterday. Miss Carol P. Canfield was the complimented guest and about 250 friends responded to invitations.

Informal Dinner.

Among the smaller dinner parties given at Mt. Washington last Sunday, was that presided over by Mr. and Mrs. J. E. Marsh, who had as guests, Mr. and Mrs. George H. Currier of Boston, Mass., and Miss Mable Richardson.

To Leave.

George Whiting, No. 627 St. Paul avenue, will sail for San Francisco on the 21st inst., for a pleasure trip to Tahiti. He will be away from Los Angeles about a month and a half. Another traveler will be H. P. Baumgartner of No. 4226 South Flower street.

To Tour the World.

Mr. and Mrs. Charles N. Flint, No. 929 Westlake avenue, will leave next week on an extended tour around the world, under the auspices of the steamship department, German-American Traveling Club, which will visit Japan, China, Malay Peninsula, India, Ceylon, Egypt, after which they will make an extended tour through Europe.

The youngest stowaway that arrived in New York City is Philip Ingraham, a seven-year-old Jamaica negro boy, who arrived on the steamer Taguas from Kingston. He was playing tag on the Kingston water front when hunger drove him to the Taguas. Scouring about the hold of the vessel, he found a few discarded biscuits and after eating them fell asleep and did not wake up until the steamer was ten hours out from port.

Throwing rings at knives or canes, which is in vogue at county fairs and other places of amusement, is not gambling, within the meaning of the law, but a test of skill, according to an opinion issued yesterday by the New York State Attorney-General.

Going to Europe.
Frio of society women soon to leave for a five-month tour.

Anniversary of Prof. and Mrs. Hanna. The affair is in charge of Mrs. Ella B. Hanna, Mrs. Willard Doran, Mrs. John Moore, Mrs. M. P. Bailey, Mrs. Willis Booth, Mrs. James G. Warren, Mrs. Harris Garson, Miss Fannie Adams and Miss Anna McNabb.

Miss Richards Hostess.

Quantities of roses and palms adorned the Woman's Club House last evening in celebration of the pretty party given by Miss Maude Elizabeth Richards. Miss Richards entertained about 250 guests with cards and dancing, and the programmes were ornamented with her monogram in gold. Miss Richards, who wore an imported gown of cluny and honiton lace, was assisted by Mrs. Robert Smith, Mrs. Emerson, (Gee), Mrs. Beatrice Hubbell Plummer, Mrs. Ralph Hagan, Mrs. Mathew W. Everhardy, Mrs. Edwin J. Brent, Mrs. Edith Webb, Mrs. G. Alexander Bobrick, Mrs. J. C. Brown, Mrs. Bruce Hatch, Mrs. Robert Drunton, Miss Ethel West, Miss Alice Hyatt, Miss Louise Nixon, Miss and Miss I. W. Watts.

Miss Rowley to Be Honored.
Miss Grace Rowley will be the complimented guest at a dancing party to be given by Mr. and Mrs. Erasmus Wilson of No. 712 West 11th street, the evening of Friday, the 20th inst. Miss

OBSERVES MOTHERS' DAY.

Women's Improvement Club of Corona Lists to Address by Los Angeles Speaker.

SPECIAL CORRESPONDENCE OF THE TIMES. CORONA, May 12.—The Women's Improvement Club observed mother's day Tuesday afternoon, the speaker for the occasion being Mrs. C. C. Stone of Los Angeles, who addressed the members on "The Parent Teacher Association." Miss Mayme Findley gave a vocal solo.

The annual election of officers took place. Mrs. Charles Holloway is president; Mrs. T. C. Jameson, first vice-president; Mrs. M. B. Huff, second vice-president; Mrs. L. L. Andrews, recording secretary; Mrs. F. J. Muller, corresponding secretary; Mrs. R. D. Lamson, treasurer. The club will hold a picnic in El Estero Park, Riverside, about the 24th inst.

Walter L. Johnson of Boone, Iowa, has bought the Melvin F. Patterson thirty-two-acre alfalfa ranch on Magnolia avenue, Arlington, the price being \$400 an acre. There is a six-room house on the ranch, and barns; the water being supplied by the Riverside Land and Water Company. Mr. Johnson and wife have come to live on their property, which is a niece of Mrs. W. C. Barth of Corona.

Mr. and Mrs. Patterson will spend some time in Long Beach before selecting a new home.

H. A. Prizer has been appointed deputy postmaster to succeed J. H. Keeler, who is soon to return to Europe.

Mrs. O. P. Hull is to leave Saturday for Alden, Minn., to visit her mother and three brothers, whom she has not seen for seventeen years.

PHOENIX-LIKE

WILL RISE FROM ASHES.

BURNED DOCUMENT GETS A LEGAL STANDING.

Provisions of Bequests of Wealthy Rancher of Hanford Are Established by Order of the Superior Court. Short Session Given to Rumsellers by Action of the City Trustees.

SPECIAL CORRESPONDENCE OF THE TIMES. HANFORD, May 12.—Judge Covert in the Superior Court has issued an order establishing provisions of the lost will of Craigie Sharp deceased, a wealthy rancher. The will was known to have been in existence and its provisions were familiar to the heirs, but it was subsequently burned following a private division of the property. Dispute as to the title to some of the property of the estate made it necessary to have the provisions of the will legally established.

SHORT MEASURE FOR RUM. The City Trustees have solved the saloon license problem by granting licenses until June 1. The old board took payment for the first quarter on licenses supposed to be issued for one year, but did not issue the licenses. When the new board, composed of men who had defeated the saloon ticket, came into office it was confronted with the question whether it would be necessary to issue the licenses for a full year as the saloon men contended the ordinances provided, or declare them all lapsed.

It was stated by Chairman Dawson, who headed the committee recommending that the licenses be granted until June, that the present sentiment of the majority of the board is to grant the saloons licenses for still another quarter. What disposition will be made of the matter remains to be seen, but it is believed that the trustees will simply refuse to renew licenses then and close up the saloons. The licenses renewed are for seventeen saloons and four Class B restaurants-restaurants serving liquors.

OIL MEN WONDER. Word has been received here that practically every available piece of land on the east slope of the Kettleman hills, this side of Coalinga and south of the oil city, has been located, and oil men believe none other than the Standard is back of the move. Several carloads of machinery and heavy timbers for full-sized standard rigs have been sidetracked at Huron and teamsters who are unloading it admit they are bountiful for the Kettleman hills, but refuse to state the exact location. The report has caused considerable comment among the oil men. The belief that the Standard is behind the whole sale locating is a strengthened by the names of those who have made the filings and also by the fact that the big shipment of materials is regarded as too large for any small operating company, leaving the Standard as the only one.

The result of the school census in this city shows that Hanford will be entitled for appropriation from the State for two new teachers next year. An express office has been established at Hanford, a thriving new town in this county on the Southern Pacific line, miles from Hanford. G. S. Hewitt has been appointed agent.

Manager Premier expects a big run at the Hanford cannery this year. A number of improvements are under way at the plant and 10,000 picking boxes are now being made for the growers.

BALBOA BY THE SEA

AN ISLAND HOME

At Newport Beach, Orange County, Cal.

THROUGH GARD FROM CITY TO BAY Balboa Island is situated about forty miles from Los Angeles, in Newport Bay. Our Boat Landings are located only a few hundred feet from the terminals of the Los Angeles, Newport & Balboa branch of the Pacific Electric car line.

RARE ATTRACTIVENESS: Nature has here produced a most wonderful combination: canyons, rocky bluffs, peninsula, sand beach and a climate "unexcelled." It is predicted that the improvements now under way on Balboa Island, land values will increase within the next 300 to 500 per cent.

PLEASURE AND RECREATION: Everybody wants, and must get away from, the dust and noise of city streets. Take a trip to Balboa, and see for yourself what a beautiful spot it is to spend a few days during both summer and winter.

BOATING, BATHING, HUNTING, AND FISHING: Boating of every description, Launching, Yachting, canoeing, and rowing are enjoyed by all. Bathing in both the still water and surf. Fishing may be had from the wharf, beach, lake-shore or from boats in the bay. Fine duck shooting in and around the upper bay which is easily reached by boat. Why not stop right here then and have a summer home? The lots are \$300 and up, on easy terms. Water, sewer and sidewalks with each lot. We are also building light plant especially for the island homes.

We sold 200 lots after the first of June last season, so don't wait but come now and get a good choice of remaining lots. Call and arrange for a trip.

Officers Want Money Put Up
for Mrs. Pitman.

Skeptical About Husband's
Ability to Pay.

Think Underworld Queen Is
Near San Bernardino.

While the police departments and Sheriff's offices of various cities and counties on the Pacific Coast are anxiously watching for the missing Mrs. Helen A. Pitman, who left this city more than two weeks ago with several thousand dollars in currency and jewelry valued at \$17,000, it is probable that she is not far from San Bernardino. Deputy sheriffs from that county were in this city Wednesday and yesterday making inquiries about the \$1000 reward which W. H. Pitman, No. 202 North Eastlake avenue, has offered for the return of his wife. They say they can undoubtedly locate her if they first see the color of Pitman's reward money, and they intimated to him that if he puts up the cash in the hands of a trustworthy stakeholder they will lead him to his lost spouse.

Unfortunately for the anxious husband, members of the police department and the Sheriff's men are somewhat skeptical about his ability to pay \$1000, and also afraid that he may "renege" if he has the cash with which to make good. Some of those who know him best intimate that the missing woman, who was not very long ago celebrated as a "queen of the tenderloin," was Pitman's best meal ticket. If he could get her with her money, jewelry intact he could easily pay the reward, provided she once more shared her purse with him. The case is now a byword with detectives who are amused at the strange predicament of a man with whom they have little sympathy. They say he was once held in San Francisco on a grand larceny charge, was once examined here by Capt. Flammery, who suspected him of preying on fallen women, and also had trouble with another detective, gives him rather poor standing with the officers.

Although she was known as a courtesan and a denizen of the underworld, the career of Mrs. Pitman is of such a sensational nature that it is of interest to students of sociology. Ten years ago, a beautiful and supposedly cultured young woman named Helen Post, attended the grammar school and later went to the Pacific University at Forest Grove, Portland, Ore. Her home life was pleasant, and her father, who was night clerk at the Belvedere Hotel, was a prosperous and reputable citizen.

THEN CAME SHOCK.
Her family and friends were shocked and startled one day when she was arrested for shoplifting. She was discharged when the defense set up the plea that she was temporarily mentally irresponsible. In 1922 she eloped with Dudley New, a young married man who was still tied to his lawful wife, and had recently completed his honeymoon. She disappeared from Portland on this escapade, and has not lived there since.

While she was recovering from her stealing affair, it is evident that she earned money posing in complete dishabille. It seems that hundreds of saloons and cafes have pictures painted from a photograph obtained by a young Oregon artist who took Miss Post's picture, posed as a tragedy queen. In this startling photograph the young woman is shown with a glittering dagger clamped to her breast. The picture made a reputation and considerable money from this work.

Several years ago Miss Post appeared in this city and took up her residence in the old red-light district. She became notorious at once and excited the attention of anti-vice societies, under-world habitués and police officers. She soon became comparatively wealthy and the envy of less fortunate inmates of disreputable places. The closing of the district did not stop her on the road to wealth. She recently inherited a fortune estimated at about \$50,000 and became known as Mrs. W. H. Pitman.

MARITAL BLISS FADED.
She was still young and considered beautiful when she became the blushing bride of the man who is now seeking her. He was not a little proud of the gentle creature who shared his home. However, it would appear that the first of the dulcitudes of marital bliss, and from the best information obtainable eloped with a New York man and left her husband in a somewhat dejected financial condition.

He told his story to the detectives, but they were unable to act so as to help Pitman in his search, because he could not prove that he was legally wedded to the lost woman. He then took his case to the Sheriff's office and had published offers of a \$1000 reward for information leading to her return. He excited pity by hinting that the woman had wandered crazy while demented, and had either committed suicide or fallen a prey to robbers.

Detectives say that in hinting that she was demented when she ran away, Pitman is paying himself a delicate compliment. Their theory is that she wanted to act as perennial meal ticket for a handsomer man.

In the meantime hundreds are working for the \$1000 reward, but the "wise ones" are first asking to see it placed with somebody who will be sure to pay it over when the goods are delivered. The missing woman has, besides a plentiful supply of money, some valuable jewelry with her. Among the pieces were: Five solitaire diamond rings, one pair of three-carat diamond screw earrings, one diamond jockey with a two and one-half-carat stone in the center of a gold band in which thirty-two names were engraved on the inside pages. Marquis ring of sixteen diamonds and five emeralds in the center. When last seen Mrs. Pitman wore a two-piece pongee silk suit of a champagne color, had on a large black straw hat, trimmed with small pink roses, wore elaborate silk pumps of a late pattern, and carried a light leather suit case with big size straps. A special dispatch from Reno last night, stated that Sheriff Ferrell received word yesterday from Sheriff Hammel to watch for Mrs. Pitman, and offering the \$1000 reward.

FOR GOVERNMENT POSITIONS.
Examinations for positions with the United States government will be held in this city on the following dates: June 8, inorganic chemist, Philippine service, salary \$1800 per annum, age 18 to 40 years; bacteriologist and pathologist, Philippine service, salary \$2000 to \$5000, age 18 to 40 years; June 15, physical laboratory helper (male), salary \$720 (Bureau of Standards), age 18 or over; surveyor, Philippine service, salary \$1400, age 18 to 40 years; June 18, stenographer and typewriter (male), salary \$540 to \$900, age 18 years or over; July 13, examiner and assistant examiner, reclamation service, salary \$1200 to \$1800, age 20 to 40 years.

Mr. and Mrs. W. H. Pitman.

She is missing and he offers a thousand dollars for information leading to her return, but officers who say they can locate her want to "see the color" of his money first.

SAN JOAQUIN VALLEY. SPREAD STREET AT PORTERVILLE.

COUNCIL COMMITTEE WORKS FOR
IMPROVEMENT.

Plans an Extension of Main Thoroughfare, Making It a Hundred Feet Wide Between Curbs Its Entire Length—Schemes for Athletic Park Receives Favor.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

PORTERVILLE, May 11.—Members of the Street Committee of the City Council have under consideration a scheme which will materially add to the beauty of this city as well as to the extent of the business section. It includes an extension of Main street from the grammar-school grounds to the southern limit of this city, making the street for its entire mile of length 100 feet wide from curb to curb. The plan contemplates parking a part of the northern and southern ends of the street. Property owners along the line of the proposed extension have almost without exception agreed to deed the necessary property, believing that the added value to their holdings would more than compensate for the trilling cost of the necessary strip of land.

FOR ATHLETIC PARK.

Committees of the Chamber of Commerce were appointed at a meeting of the directors of the commercial body Monday night to secure a lease on a three-acre tract of property on upper Oak street, which shall be converted into a city athletic park. According to an offer which has been made the city by the property owners, the land is to be given rent free for three years in return for certain improvements to the tract, and at the expiration of that time will be sold to the city at a price not to exceed \$500 per acre. One of the large irrigating canals of this section runs diagonally through the tract, and the improvement required is that this ditch shall be piped through concrete conduits. It is the purpose to lay out baseball and football grounds, as well as running tracks and pits for jumps and pole vaulting. Immediately adjoining the tract is a cement tennis court, the police chief and five men with a patrol wagon appeared and all who did not get out route to the Police Station and deposited \$5 each.

Today it is declared the entire matter was a joke perpetrated by the local bankers. It is announced that all the "arrested" men may have their money back by calling at the Police Station, but fifty Texas women who have \$5 short and their \$250 will go to charity.

HUMANE OFFICERS REPORT.

Reports were filed by the officers of the Tulare County Humane Society held here yesterday, showing that during the past thirty days more than twenty-five cases of dogs were reported and conditions improved, in almost every case, the complaint being with reference to cruelty to children. Cases ranged from whipping of children with trace chains, to starving them into submission to parents' whims. The directors voted Sunday, May 29, at Merced, Calif., and all of the pastors of the city will be asked to devote their sermons to consideration of the work which is being done by the society. Ernest G. Eardley, secretary of the county society, has been chosen as a delegate from the local organization to attend the international convention which is to be held in St. Paul late in October.

FIRE SPECTACULAR.

Fire which started from some unknown cause on the Pioneer tract just west of the city limits, yesterday, burned over several sections of dry feed, destroyed several hundred tons of hay and narrowly missed consuming the buildings of the Tulare Mining Company's mines on Magnesian Hill. The fire was a splendid sight from Porterville. Fanned with a brisk west wind, it swept over the brow of Magnesian Hill, with the speed of an express train, and although a mile distant from the business section of the city the roaring of the flames could be plainly heard. Prompt back-firing by the employees at the mines saved the buildings from destruction. The blaze burned fiercely in Frazier Valley for more than an hour and was only stopped by the wide county road at the end of the valley. Hay to the value of about \$1500 was destroyed, and the dry feed on the hillside was worth perhaps as much more.

FIFTEEN TO GRADUATE.

Fifteen young men and young women will be graduated from the High School early in June. Those who have successfully passed their examinations thus far are: Mae McCabe, Ella Tyler, Joel Ellis, Daniel Victor Steed, Oscar Hemphill, Reginald King, Marie Flory, Everett Cloer, Rand Avery, Marie Grey, Ruth Gilliam, Eva Sarthou, Essie Smith, Harry Wiley and Leroy Walton.

Through Sleeper Pleases Hanford.

HANFORD, May 12.—The Southern Pacific has pleased the local traveling public by placing a thorough Pullman sleeper to and from Hanford and Los Angeles. The car is now sidetracked here each morning at 11 o'clock, leaving at 7:30 in the evening on the return trip. It arrives at Los Angeles about 7 o'clock next morning, and leaves again for Hanford a little after 9 o'clock. A sleeper out of Hanford for San Francisco has been in service for some months, and by inaugurating the Los Angeles night service the railroad has recognized that fact that

with a few years travel between Hanford and Los Angeles has equalled that of San Francisco. The Los Angeles sleeper will also serve passengers from Coalinga, Lemoore, Corcoran, Lorton, Visalia and Tulare. A new schedule has been inaugurated by the Southern Pacific. Other parts of the division are more affected by it than Hanford, the principal change here being that a train which arrives here at 5:30 in the evening now runs clear to Lemoore, carrying mail from this city.

MATRIMONY A PROFESSION?

Vassar Professor Asks Girls, Why Not? Clever Man Demands Clever Wife.

(ASSOCIATED PRESS DAY REPORT.)

THOY (N. Y.) May 12.—"Why cannot the clever woman look on matrimony as a profession?" asked Prof. I. Woodford Riley, of Vassar, in an address at the opening session of the Episcopal Church congress, which is meeting here this week.

"As a profession—or perhaps rather as something demanding professional abilities? It is commonly said that a far-seeing girl threatened with spinsterhood marries merely to have a home. That is scarcely true. Cleverness seldom loses its head. The clever man wishes to marry the clever girl and does so."

"Now, from a cold-blooded point of view, such marriages take place from justifiable ambition. Two heads are better than one. And the clever woman sees that she can influence her husband in his professional affairs, and thereby affect the interests of their community. Is this un-American because unselfish?"

JOKE PUTS BANKERS IN JAIL.

Police Raid Texas Association Banquet for Holding "Salome Dance."

(ASSOCIATED PRESS DAY REPORT.)

EL PASO (Tex.) May 12.—El Paso's police raided the full today of John Does and Richard Ross, and the police chief holds several dozen \$5 bills deposited as appearance bonds by men whose names, if they were not screened under fictitious registration, would be recognized as prominent in financial circles of the State and nation.

Last night the Texas Bankers' Association, in convention here, held a banquet and a "Salome Dance" was one of the features. During its progress, the police chief and five men with a patrol wagon appeared and all who did not get out route to the Police Station and deposited \$5 each. Today it is declared the entire matter was a joke perpetrated by the local bankers. It is announced that all the "arrested" men may have their money back by calling at the Police Station, but fifty Texas women who have \$5 short and their \$250 will go to charity.

Smith was a fascinating
woman who told her story in a con-
fession. The defense of Smith is
that she never married to her al-
leged husband, but that she
was married to her legal husband,
Keating, and that they lived
together as man and wife. Two
children were born to them,
and the surviving daughter is
now a resident of the Keating
estate.

Smith testified that she was
born in a house on Republic
street, February 4, 1888, by a just
the place where she did not
know her father. She was
born and a woman whose first
husband, only in recalled. She
afterward, Smith at that time
was working at odd jobs.
